The British Standards Institution is incorporated by Royal Charter.
BSI (UK) Headquarters: P.O. Box 9000, Milton Keynes MK14 6WT. Tel: 0845 080 9000

Certificate No: **Q 06199**

Registered Scope:

Sub-contract, heat treatment and straightening of ferrous and non-ferrous materials. Processes include solution annealing, normalising, stress relieving, hardening, ageing, tempering, annealing, carburising, induction hardening, flame hardening, vacuum hardening and annealing, austempering, salt bath heat treatments and associated testing in accordance with customer requirements.

Stockholding of nickel alloys, duplex and super duplex alloys, stainless steels, maraging steels, titanium, titanium alloys and cobalt alloys with lot traceability.

Management of sub-contracted forging, rolling, heat treatment, machining and associated testing to customer specifications.

Sub-contract machining to customer requirements.

Non-destructive testing of ferrous and non-ferrous alloys using ultrasonic magnetic particle, dye penetrant and spark testing, both in-house and at customer sites.

The manufacture of hand and open die forgings in carbon, alloy, tool, stainless steel and non ferrous materials and the hirework forging of customer supplied material with lot traceability.

Stockholding and supply of bars, rough machined forgings and hollow bored bar in carbon, alloy and stainless steels with lot traceability including the management of sub contract forging.
